Subject :—

Repairing of the four arched bridge on the Chitaldroog - Challakere Road at 9th mile.

Letter No 4208 8.2.04 from the President of the Distt Board, Chitaldroog District.

The bridge in question is reported to have been severely damaged by the heavy rains in October last. As the Chitaldroog - Challakere road has heavy traffic all the year round the early repair of the damaged portion of the bridge is said to be highly desirable. The cost of repair is estimated at Rs 875 which the President requests may be sanctioned from the Local Funds General as the District Board is not in a position to bear this unlooked for and heavy item of expenditure

The Supdg Engr, Eastern circle, having submitted for Sanction to the D.P.W. an Estimate for Rs 8312/- for restoring a bridge of 5 arches in 8/7th mile of the Chitaldurg–Chellakere District Road, the Chief Engr recommended that the Estimate might be Sanctioned. the cost being met from/ L.F. General and the work included in the next year's budget. The matter passed through the Council, & the papers were submitted to H.H. with the Dewan's recommendation that the Estimate might be Sanctioned. (21-2-'04). The D.P.W file has now been received back with the Sanction of H.H. to the proposal. The Estimate referred to in the President's letter, seems to be the same as that now Sanctioned by H.H. although there is a slight difference in the amount.

District Board President's Office
Chitaldrug District.
Dated Camp Holalkere 8th February 1904

From

N. Ramanujaengar Esquire
President, District Board,
Chitaldrug District.

To

H. V. Nanjundayya Esquire M.A. M.L.
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

In submitting herewith a Copy of Executive Engineer's docket No. 74 dated 27th Ultimo, I have the honor to state that during heavy rains in October last the Kallahalli tank in the Chitaldrug Taluk breached and seriously damaged the four arched bridge on Chitaldrug-Cheilakere road at 8/7 mile. To make good this damage an estimate amounting to Rs 8075/- has been prepared and is pending with Public Works Department. As the road on which the bridge in question is situated, is a District Fund one, the Executive Engineer Chitaldrug Division, requests that necessary funds may be granted from District Funds for carrying out the work which is of an urgent nature.

2. The road in question is an important one, having a heavy traffic all the year round and the carry

early repair of the damaged portion of the bridge is highly desirable in the pervue interest. But the District Fund Board is not at present in a position to bear this unlooked for and heavy item of ex-penditure, as already reported to Government in this Office No. 122 dated 28th August 1903 and consequently no useful object will be served by placing this matter for consideration of the Board. I beg that, in accordance with the view expressed in Government Proceedings No. 2571-8 dated 11th Ultimo, a grant of Rs 8075/- may be kindly sanctioned from Local Funds General for carrying out the Bridge work at an early date

In this letter it is stated that the closing balance is to a certain extent

I have the honour to be

Enclosure No. /

Has the honor to state that when the Kalliahalli Tank in Chitaldrug Taluk breached on 1-10-03 the four arched bridge on Chitaldrug Chellakere road at 8/7th mile was damaged by one of the arches being partially washed away and another seriously cracking. To make good this damage, an estimate amounting to Rs 8075/- has been prepared and forwarded to the Superintending Engineer for obtaining necessary sanction. As the road on which the bridge is situated, is a District Fund one, funds required for the work should be provided for from District funds. If this is not feasible

feasible suggests that application be made to Government for a grant from Local Funds General. The work is of an urgent nature and therefore early disposal of the matter is requested.

2. Copy of Superintending Engineer's No. 506 of 23rd January 1904 to undersigned bearing on the subject is enclosed for information
